8<sup>th</sup> November 2017

Dear Parent,

You may be aware that we held online technology E-Safety training on 20<sup>th</sup> June for all of our Reception Class parents joining us in September to enable their child to access the technology and resources in school.

We are now in the position to offer two further sessions with support from Banardos during our anti-bullying week, on Wednesday 15<sup>th</sup> November at 9.30am and 1.30pm. We welcome our community to attend as the content does change along with the technology itself- often too quickly for us to keep up with! Only in the past week has it been brought to our attention on the Island of a suspected Sexual Exploitation case online of a child- and therefore we feel it is important to support our families in imparting knowledge where we can.

The sessions will last no longer than an hour and it really is valuable in understanding the level of importance that we as a school place on safeguarding. Our strap line is 'it could happen here' and as daunting and sad as it seems our young people are not exempt from CSE (Child Sexual Exploitation) or other areas of vulnerability particularly in the online world.

Please indicate which one you are able to attend and return the slip with your child to the Class teacher as soon as possible so we can plan for numbers. The content of the presentation is not appropriate for your child to attend.

Kind regards,

Mrs J Payne
