Lacey Class Half Term technology challenge!

Dear Parents,

Lacey Class are technology whizz kids and we are challenging you to show us just how amazing they are at home too!

Can you share with us how many different types of technology can they use at home?

Some examples might include: using the TV remote to put the TV on and change the channel, loading a CD and selecting the song, operating a remote control vehicle, operating a cake mixer, using a telephone to make a call to Grandma, playing an app on a tablet or phone, using a camera to take a picture, using a computer to play a game or type a letter.

Evidence of your child knowing when to use different types of technology and why are also valuable. I.e. suggesting the use of a sat nav if you're lost; identifying the need for a torch if it's dark.

Please can you can upload your evidence onto Tapestry with a brief explanation of what they can do.

Just to make it a bit more fun ...there will be a certificate for everyone who takes part and a prize for the child with the most examples!

Have a fabulous half term break from the Lacey Class Team!
