

Class Apple

Teacher Mrs Catherine Starkey

Key Questions

How do we grow?
Where do butterflies come from? What happens to caterpillars? How do frogs grow? Where do frogs come from? How do plants grow? What does Spring time look like?

Overview

We will be investigating the growth of plants, butterflies, frogs and chicks and comparing them to how we grow.
We will learn about different seasons and observe environmental changes.
We will learn about symmetry.
We will learn the days of the week.

Title

Mad about Minibeasts

Values

Courage
Mutual respect
Kindness

Hook

Bug Hunt in St Martins
Wood
Care for class caterpillars

Outcomes

Children will be able to talk about life cycles.
Children will be able to talk about the things that they need to enable them to grow and keep healthy.

As a parent you can: Look for seasonal changes in your garden and local area. Go on a bug hunt in your garden or local woods. Share photographs and talk about how your child has changed as they have got older. Talk out about the life cycles of your family pets.
