

Key Questions

How do we grow?
Where do butterflies come from? What happens to caterpillars? How do frogs grow? Where do frogs come from? How do plants grow? What does Spring time look like?

Overview

We will be investigating the growth of plants, butterflies, frogs and chicks and comparing them to how we grow.
We will learn about different seasons and observe environmental changes.
We will learn about symmetry.
We will learn the days of the week.

Title

The Very Hungry Caterpillar

Values

Courage
Honesty

Bug Hunt in the St Martins Wood
Class caterpillars
Tadpoles?
Visit to Butterfly World

Outcomes

Children will be able to talk about life cycles. They will be able to talk about the things that we need to enable us to grow and keep us healthy.

As a parent you can: Look for seasonal changes in your garden and local area. Go on a caterpillar and butterfly spotting walk. Share photographs and talk about how your child has changed as they have got older. Talk out about the life cycles of your family pets.
