

# Newchurch Primary School Homework Grid

Class: **Showman**

Spring Term: **2**

Here are the home learning tasks for this half term. We ask that you do **5 as a minimum** up to Half Term, and for those who like a challenge you can complete all tasks! Please do not forget to share your home learning on Tapestry - we love seeing what you are doing!

## Key Skills

10 mins daily reading (this can include sharing a story with you).

## Daily Phonics / spelling challenges

Phonics and reading should be a daily 10 minute task - your efforts at home are really paying off so **please** keep it up!

Our topic is.....

# Once Upon a Time

### Research-

In Goldilocks and the Three Bears the bears eat porridge, but what do bears really eat? Can you find out? Take a video and share it on Tapestry or tell us in key group time.

### Create a fact file-

Can you find out 3 facts about a member of our Royal Family? Get a grown up to video you sharing your facts and post it on Tapestry or tell us during key group time.

### Get creative -

Can you make your own healthy snack for a hungry book character? You could choose Goldilocks, Cinderella, a dragon, a hungry giant or one of your own favourite book character.

### Thinking skills-

I wonder what... Jack finds at the top of **your** beanstalk. It could be a giant's castle or unicorn land or even candy land! Can you draw a picture to show us your ideas. Share it on Tapestry.

### Handwriting-

Can you have a go at practicing the zig zag letters: v w x z? You can have a go on the handwriting sheet or, if you fancy getting messy, have a go in the bath with shaving foam or in the kitchen with rice, custard or flour.

### Science-

Can you grow a beanstalk just like Jack did? Can you guess how long it will take to grow or what it will look like? Share your plant's growth with us on Tapestry.

### Measure-

Can you find things at home or in your local environment that are taller, smaller or the same height as you? Record your findings by taking photographs and posting them on Tapestry.

### Design-

Can you design a house for the three little pigs that the big bad wolf cannot blow down? Try using a hairdryer to test it and see if it is strong enough to protect the pigs!

### Literacy

Can you write a 'Who am I...' riddle about one of your favourite fairy-tale characters and share it on Tapestry to see if we can guess who it is?
